Athletic Facility Updates:

- I know many of you were wondering when the turf project will start, Weather permitting, the removal of the sod at Memorial Stadium will start on June 24.
- Our original completion date was August 17, but the wet weather may push us back a week. I will keep everyone updated through our website and Facebook page.
- I would like to personally thank Leroy Wertz for providing the district and general contractor the test soil borings that were needed. Mr. Wertz donated his time at a savings to the project close to \$5,000.00. We are finalizing other in-kind-donations and appreciate the willingness of every individual or company that takes the extra step to make our facilities better for our student-athletes.
- **When the construction starts on Monday, June 24, the stadium track will be closed until the completion of the turf project.**
- Deb Martin and Charlene Moyer have done a great job initiating the fund raising campaign to complete a transformation of Chippewa Athletic Facilities. On behalf of the school board and myself, we truly appreciate all your time effort to make Chippewa Athletic Facilities Plan a reality.
- Information regarding the sponsorship and naming rights will be released shortly. I want to thank all the fantastic people that have given their time, money and effort to get the Facility Project moving in a positive direction and the stadium will be the first of several upgrades to our athletic facilities.

Superintendent, Todd Osborn
