BOYS SOCCER	3-13-1
GOLF	2-10

GAME, SET, MATCH:

By: Nick Pandrea, Girls Tennis Coach

The Lady Chipps had a tremendous season, finishing the regular season 15-3, 8-1 in the tough NET league, 2nd at the league tournament, and 2nd place overall. At the tournament, all five positions finished in the top 4 with All-League honors. Sophomore Abby Sines had a terrific year and is currently 18-7 at the brutal 1st singles spot. Senior Isabelle Lattea was 2nd singles NET Champion, her attacking style leading to a dominant 24-2 record. The pair is playing postseason doubles together, finishing 2nd in the D2 Wooster Sectional, and qualifying for Districts where they face Hawken on Friday, October 13th. Senior Kendall Kohler earned 16 wins and was a consistent heartbeat of the team at 3rd singles. Juniors Lex Holbert and Molly Goodrich used aggressive play and stellar teamwork to earn 11 wins at 1st doubles. Seniors Meredith Wilson and Sophia Koontz racked up 16 wins at 2nd doubles with their tenacious play

Photo from Nick Pandrea

Even with the individual successes, it's depth that made us so strong – some of the toughest matchups they faced came during our own practices. The JV, always ready for the challenge, kept the varsity squad on their toes. Toby Burns stepped in with a great league victory at 2nd doubles vs Marlinton. Clara Kirkhart worked into the varsity lineup at 3rd singles by late season and secured our final team win against a very tough Akron North. Many nights, the JV plays more tennis than the varsity. Freshman pair Madi Underwood and Mak Dulin really worked hard and improved by leaps and bounds during the season. The future of the team is very bright, and we are looking forward to even more growth in the offseason and success next year!

NEW BUILDING STAFF

C.J. Julian | 8th Grade Social Studies | Varsity Boys Basketball

Mr. Julian graduated from Jackson High School in 2010. He attended Otterbein University where he earned his degree in Middle Childhood Education in 2014, and he also recently completed his Masters in Leadership from the American College of Education. Mr. Julian spent seven years teaching Social Studies at Plain Local Schools before coming to Chippewa. He enjoys being a part of the Chippewa community and is excited for basketball season to start! Mr. Julian lives in Massillon with his wife, Taylor, and his two sons, Troy and Cade.

Favorite Snack: Greek Yogurt and peanut butter on an Eggo

Favorite Animal: Cheetah

Favorite Sport/Team to Watch: Football/Cleveland Browns - "I love spending my Sundays watching the Browns, even if it leaves me upset."

Hailee Sellers | 7th/8th Grade Math and ELA Extension

Ms. Sellers went to Coventry High School and then attended the University of Akron where she graduated in 2016. She spent the last five years as an elementary tutor in Mogadore before coming to Chippewa. She enjoys getting to teach two subjects, math and reading, that she loves! Ms. Sellers lives in Portage Lakes.

Favorite Snack: Chex Mix or Goldfish

Favorite Animal: Her two golden retrievers, Paisley and Piper

Favorite Sport/Team to Watch: The expected: Cleveland Browns, Cleveland Guardians, and the Ohio State Buckeyes

COURSE FEATURE: EXPRESSIVE MAKERS

Taught by Brittany Akins

Students learn what it means to be a "Maker" in the Expressive Makers elective course. Students will tinker, explore, solve, and construct creative projects while they learn how to use basic tools, computer programs, the Glowforge (laser printer), Cricut, and many other things to assemble their ideas. This course is designed to give students the chance to understand what being a maker is all about and learn some basic skills in which to apply their ideas to the real world.

Students have the freedom to create what they want to make and are always encouraged to try something new, knowing that if they mess up, they can work to fix it. The sky's the limit, in this course, and students have a lot of fun!

Projects include a functional piece, leather/jewelry, a scroll saw project, a Glowforge project, a Cricut project, and a light project.
