

## 6th GRADE BI-WEEKLY NEWSLETTER

April 18th - 22nd & April 25th - 29th

**LANGUAGE ARTS:** Mrs. Ferris  
[chip\\_lferris@tccsa.net](mailto:chip_lferris@tccsa.net)

We will continue reading "Tangerine" and students will continue to work on their independent projects in google classroom for "Tangerine." We are also working on Greek and Latin root words: test Friday.

**SOCIAL STUDIES:** Mrs. White  
[chip\\_white@tccsa.net](mailto:chip_white@tccsa.net)

We are finishing up our first ancient river civilization (Mesopotamia) and will be moving onto Ancient Egypt. We will be completing a series of in class activities in order to complete a study guide for each of these civilizations. Once each civilization activity is finished we will take a short quiz (in class) to end each civilization unit. The quiz will contain information about each of the following components discussed with each civilization: government, religion, achievements, politics, economics and society.

**MATH:** Mr. Hymes  
[chip\\_bhymes@tccsa.net](mailto:chip_bhymes@tccsa.net)

The math AIR test is April 26th & 27th. We will be reviewing all topics covered this year over the next few weeks. Have a great week!!!

**SCIENCE:** Mrs. Nemet  
[chip\\_nemet@tccsa.net](mailto:chip_nemet@tccsa.net)

Students received Earth Day activities to complete by **Friday**. This can be found in Google Classroom!  
The test over Levels of Organizations will be this **Thursday**. Students will be reviewing concepts learned in class this week. In addition to looking over their notes, a Blooket game will be posted in Google Classroom. Also this week, students will be introduced to a project called Human Body Systems that they will be completing in groups; each student will be responsible for a portion of the project. This will be completed in class, however whatever isn't finished will be the student's responsibility. These will be due **next Monday**
