Treasurer
Phone: (330) 658-6700
FAX: (330) 658-5842

Dear Students and Families, I would usually welcome everyone back to school, and outline our goals for the upcoming year. This school year will start similar to how the school year ended, UNPRECEDENTED. Our commitment to empowering students to maximize their talents is achieved daily by the extraordinary people in our district. Our commitment is unchanged, but how we deliver, interact, challenge and motivate our students this year will be unlike any other year.

We value our tradition of excellent academic, fine arts and athletic programs in our district and we continually design opportunities and programs for our students to achieve their dreams. Our staff will continue to teach in a room, through google meets, and using resources that are new to everyone. We will continue to teach because we care.

Your support as parents is more vital this year to meet this ever-changing procedures and rules that are brought to us by this pandemic. Students need to wash their hands often throughout the school day, wear their mask, and maintain social distancing as best as they possibly can. Working together, Team Chippewa, we can help maintain the safety of everyone by following these simple rules. The following schedule based upon the Risk Level Guidelines published by the state of Ohio for Wayne County will be followed, but changes may occur and require a fast change:

Yellow or Orange: School in session 5 days a weeks

Red County + Our School District Zip Code is Dark Purple + Recommendation from the WCHD :

Will move the school district to a blended on line and in-school format.

Purple: Everyone online

If the Risk Level is downgraded, we will wait a minimum of two (2) weeks before adjusting our instructional method, but we will move quickly if Wayne County is upgraded to Red or Purple.

Parents, please follow the guidelines and procedures outlined by your principals for each building. These procedures were created to ensure the safety of everyone. We promise to communicate often with families and the school website will be the best resource for up to date information. School Messenger and Final Forms are tools we use to push information out to parents and students in an electronic form. Please contact building secretaries if any contact information has changed. Thank you for your support and Go Chipps! Together, we will make this school year special and safe for our children.

Sincerely,

Todd S. Osborn, Superintendent
