FAX: (330) 658-5842

10/26/21

Dear Chippewa Families:

As we enter the second 9 weeks of school, I would like to go over a few items discussed in earlier letters.

Throughout the district, we have seen increasing absence rates and varying viral illnesses. Now is the time to really prioritize doing the health checks with your student prior to coming to school. In these health checks, look for symptoms of illness and take your student's temperature. If your child is showing signs of illness, please keep them home. Symptoms include:

Fever/chills
Sore Throat
Body Aches

Vomiting
Cough

Diarrhea
Headache

Loss of Taste or Smell
Congestion

Your student will need to be free from fever, vomiting, and diarrhea for 24 hours without medication before they can return. If you have questions on your student's symptoms, contact a physician for further guidance.

Our district does have rapid Covid-19 test kits for use at home. If you would like a test, we will need a written note signed by the parent/guardian. The test(s) need to be picked up by the parent/guardian and cannot be sent home with students. You can contact the school office or myself if you want to arrange a test pick up.

Keeping our schools as healthy as possible for all students requires efforts from everyone. Thank you for all you do to help us work towards this goal.

Sincerely,

Mrs. Yost
