

Acceptable Majors for Doylestown Garden Club Scholarship Recipients

The Doylestown Garden Club is organized exclusively for charitable and educational purposes including promoting and teaching gardening; raising funds for civic beautification of the Village of Doylestown; making distributions of funds to other 501(c)(3) exempt organizations; and raising funds for college scholarships for high school seniors living in the Village of Doylestown and Chippewa Township who intend to major in a degree program from a College of Agriculture. Each year the Doylestown Garden Club awards a \$1,000 scholarship to a graduating senior.

Acceptable majors that would qualify a student for a Scholarship include the following:

- Agribusiness and Applied Economics
- Agricultural Communication
- Agriculture Systems Management
- AgriScience Education
- Animal Sciences
- Community Leadership
- Construction Systems Management
- Culinary Science
- Entomology
- Environment, Economy, Development and Sustainability
- Environmental Policy and Decision Making
- Environmental Science
- Food, Agricultural and Biological Engineering
- Food Business Management
- Food Science and Technology
- Forestry, Fisheries, and Wildlife
- Meat Science
- Natural Resources Management
- Plant Health Management
- Plant Pathology
- Sustainable Plant Systems

The above majors are offered at The Ohio State University College of Agriculture as examples of acceptable majors. A student receiving the Doylestown Garden Club Scholarship may attend any State University College of Agriculture that

offers any of the listed majors. Students may also use the scholarship to attend a two-year program as listed on the following pages. The majors shown on the following page are offered at The Ohio State Agricultural Technical Institute in Wooster, Ohio.

Majors and Specializations
